

THE FALSE SPIRIT GUIDES

(pt. V)

(Poem)

(written June, 2018)

How they sounded

So perfectly benign

When I first

Heard them speak

But what

Do they say now

Things that are

Most false

And of ill intention

They will give you

Their alleged

Enlightened guidance

And then give you

The lie

So perfectly conceived

What

Is

This

All

About

?

Domination

The false spirit guides

Certainly not

What they appeared to be

Instead.....they became

Audio terrorist

I look up at the moon

And think of escape

The false spirit guides

See all of these thoughts

They always have

Does it mean

Anything at all

Perhaps

Perhaps not

Why

Do they constantly

Speak

Speak

Speak

Hours

Minutes

Days

Weeks

Ages

They have been speaking

With claims

Too falsely bright

To see

They have been speaking in mania

They have

Been speaking

In riddles

In kingdoms of the air

They bombard

They bombard

They bombard

With voices

They bombard

With attrition

They bombard

With false claims

And false revelations

The tranquility

Of the stars

Is now far removed

The night has become

Like a valley

Of audio thorns

Invisible vultures

Of the wind
